CANDIDATE'S SUCCESS STORY

Telani Bhengra, one of the trained candidates of DDU-GKY program in *Phlebotomy & GDA* trade, at present she is working in **Janodaya** Bangalore as a *Health Worker*. She enjoys her work.

She is from a small village Sundari in Khunti District. Her father, Shri Barnasbas Bhengra is a farmer and the sole earner in the family. There are five members in the family. Despite having low income, he gave basic education to all his children.

After completion of 12th, She came to know about DDU-GKY Program from her friend who was also enrolled in program. She decided to grab this opportunity. She was opposed by her parents for her decision. But later on seeing her interest towards the program, her parents supported her and send her to DDU-GKY *Cradle Life Sciences Pvt. Ltd.* training centre. She joined training centre in the month of July 2018.

During her six months of training session, she had a natural eagerness to learn more and more. This very nature of her helped to grow and master the skills. After the training, she got placed and was able to transform her life.

Now she is able to support her family financially and helped her siblings for their education. DDUGKY programme not only changed her life but empowered her with skills to achieve her desired goal!
